Dear Mr. Mortensen:

Re: 1986 Annual Reports, Limestone Quarry, ACT/041/004 and
Bentonite Pit, ACT/041/012, Sevier County, Utah

Enclosed are the annual report forms that must be completed and returned to the Division by April 30, 1987. The annual report for the bentonite pit should provide details of the mining and reclamation activities conducted during 1986. We have no record of receiving an annual report for the limestone quarry since it received approval in early 1983. We would appreciate it if you would bring us up to date by including the years 1983-1986 on the annual report for the limestone quarry. An updated map of the limestone quarry should also be included if the quarry has changed significantly since 1983.

Should you have any questions or need additional information, please contact me or Frank Filas of my staff.

Sincerely,

L. P. Braxton
